

21 FEB 1988

MEMORANDUM FOR THE RECORD

SUBJECT: Ref Memorandum FTR dated 31 January Receipt of Telephone Call
from Congressman Frank Wolf's Office

1. With respect to the third question posed by Ms. Nancy Bruce, Senior Aide to Congressman Frank Wolf (R. Va.) (availability of funding to build an additional lane on I-495 Northbound), the Director of Logistics instructed me to provide the following response:

Because of increased costs associated with the New Building and the effects already being felt by the Gramm-Rudman-Hollings Bill, we will not have sufficient funding available through FY 1987. We will request \$500,000 for this project in our 1988 budget submission to the Congress.

2. I will provide the essence of this response to Ms. Bruce at the next available opportunity.

Chief, New Building Project Office, OL
